

**POLICY AND SCOPE OF THE QUALITY
MANAGEMENT SYSTEM**

Review: 02

Data: 01/06/23

ARESAS SHIPYARD, S.L. is a company with a markedly international vocation, dedicated to the **design, construction and commercialization of boats of up to 60 metres in length made of composite materials, aluminium and steel** at its facilities located in:

Moll del Portinyol s-n, 08350 Arenys de Mar, Barcelona

One of our main objectives is to achieve the total satisfaction of our customers by providing them with a product adapted to their specific needs. For this reason, the Management of ARESAS SHIPYARD, S.L. is committed to providing the human, technical and organisational resources necessary to comply with the requirements of the reference standards. Specifically, it undertakes to:

- Guarantee compliance with legal requirements and other subscribed requirements, applying them in the planning of their actions.
- Promote proactive and productive relationships with customers, which allow an effective identification of their requirements and needs and achieving their maximum satisfaction.
- Select and evaluate our suppliers based on their ability to supply products and services on time and with quality, in accordance with the general principles of our policy.
- Resolve deficiencies found in daily work at the same time they are detected, undertaking the necessary actions.
- Create and maintain a work environment that encourages the commitment and participation of management and all staff with the continuous improvement of the quality management system.
- Resolve deficiencies found in daily work at the same time they are detected, undertaking the necessary actions.

The principles and commitments expressed above provide the framework for setting and reviewing the objectives of the Quality Management System and are disseminated to all staff and available to interested parties on request.
